Forum for Interlending Sponsorship

FIL Sponsored Place at ILDS 2011!

APPLICATIONS NOW CLOSED!

Attend the 12th Interlending and Document Supply (ILDS) Conference in Chicago for FREE this September as the sponsored FIL delegate!

The Forum for Interlending and Information Delivery (FIL) is offering a sponsored place at the forthcoming ILDS conference (http://www.lds2011.org), to be held in the Spertus Institute of Jewish Studies, 19th-21st September 2011. The sponsorship award covers the cost of attendance at the conference, all meals, accommodation and reasonable travel expenses.

Application Process

To be considered, a letter of application should be sent to the FIL Secretary. This should include:

- Name
Benefits

As a condition of the award the successful applicant is required to submit a report, evaluation or critical appraisal of the conference... This will be published in a forthcoming issue of the FIL Newsletter, as well as being used on the Forum's website and elements being reused in future FIL publicity deemed appropriate.
Application Process

- Organisation
- Job title
- A brief description of interlending duties
- Applicants should also include a brief explanation of why they wish to attend and the value that they and their organisation would gain from attendance at ILDS (300-500 words).
- The FIL Committee will consider all applications and make the award to the applicant whom they believe would…

…gain the most demonstrable benefit from attendance.
Cloud Gate – The Bean
ILDS 2011 - Sponsors

- IFLA Document Delivery and Resource Sharing Section
- OCLC
- Atlas Systems
- Copyright Clearance Centre
- Emerald
- NILDE (Network Inter Library Document Exchange)
- RapidILL
- Relais International
- REP Industries
- TIB (German National Library and Science and Technology)
- University of Chicago Library
- Dematic
- Loyola University – Chicago
- University of Wisconsin-Madison
- ALA
- CARLI (Consortium of Academic and Research Libraries Illinois)
- Centre for Research Libraries
- Lanter
- Northwestern University Library
- Taylor and Francis
- Hesburg Libraries – University of Notre Dame
- University of Illinois at Chicago Library
Spertus Institute

- Designed by Krueck & Sexton Architects in 2007
- 10 storey building
- Entire glass façade containing 726 individual panes
- Situated on Michigan Ave, looks onto Grant Park, Buckingham Fountain and an interrupted view of the vast Lake Michigan

- 194 in total
- 143 from the US
- 16 from Canada
- 8 from Norway
- 7 from Denmark
- 3 from Sweden
- 3 from Australia
- 2 from England
- 2 from China
- 2 from France

- 1 delegate from each of the following countries: Finland, Germany, Iceland, Italy, Nepal, Netherlands, Scotland, Slovenia and Zimbabwe.

- 2009 conference in Hanover, Germany – 159 delegates: 9 from the UK, 5 from the US; 24 from outside Europe.
Day One

- The IDS Project: Community. Innovation. Excellence
- Light at the End of the Tunnel: Transitioning from One Interlending System to Another
- Add to Cart? Self-Service, Online Shopping and the Growth of Interlibrary Loan
- Streamlining Interlibrary Loan and Document Delivery Workflows: Tools, Techniques and Outcomes
- Looking at Resource Sharing Costs Internationally: A Detailed Study Comparing Costs in Multiple Countries
- Going Global: An International Survey of Lending and Borrowing Across Borders
- International Interlibrary Loan: Where we've Been, Where We Are Now and Where Are We Going
- Breaking the Global Barriers of International Interlending and Document Supply: A Road Map for Libraries and Library Networks
Day Two

- IFLA's Treaty on Exceptions and Limitations for Libraries and Archives
- Radical Collaboration and the Future of the Academic Library: The 2CUL Project as Case Study
- NILDE Reloaded: A New System Open to International Interlibrary Loan
- HathiTrust: Digital Access as the Intersection of Interlibrary Lending Potential and the Protection of Intellectual Property Rights
- Global Resource Sharing from a European Perspective
- Fear and Loathing in Cooperative Collection Development
- Building on Success: Extending the CARLI I-Share Access to Just in Time Purchases
- Resource Sharing via Networking: A Study of North-West Indian University Libraries
- CALIS ILL and DDS Systems: a successful way of resource sharing
- From Russia with Love: Obtaining Russian Materials via Interlibrary Loan
Day Three

- The Effects of Copyright and Licensing Developments Upon German Document Delivery Services
- How Copyright Affects Interlibrary Loan and Electronic Resources in Canada
- The Ethics of Library Resource Sharing in the Digital Age
- Opening Interlibrary Loan to Open Access: Locating and Managing Borrowing Requests for Open Access Materials
- Future of Resource Sharing in Turkey: Can Open-Access be an Alternative?
- Interlending Trending: A Look Ahead from Atop the Data Pile

Visits to:
- The Center for Research Libraries
- Joe and Rika Mansueto Library – University of Chicago
Resource Sharing in a Cloud Computing Age

Keynote by Matt Goldner - and Technology Advocate at OCLC

- Advent of the internet, old challenges of incompatible systems and payment options and newer challenges of licencing, e-books and copyright.
- PEST - political, environmental, social and technological factors.
- Professional need for sharing; expertise as well as knowledge should be pooled.
Rapid ILL

- Flood at Colorado State University 10 years ago deemed all print journals unusable
- Six nearby libraries contributed towards available collections
- Custom built a system to make requests for material
- Load Levelling
- 206 libraries now use the system
- Innovation Award in 2009
International Differences

- High usage of international acronyms e.g.
  CILLA  CIDER  CLIC  WAGUL  LIDDAS  LADS

- ILLiad was being mentioned in almost every talk as the standard system.

- “Going Global” concentrated on barriers, concerns and costs attached to lending internationally.
Copyright themes

Winston Tabb – Chair of Copyright at IFLA

- World Library and Information Congress Conference, Helsinki August 2012
- Weighing costs and benefits of intellectual property rights.
- Print vs. digital, dissemination and open access
- Interested in user rights rather than being against owner rights.
HathiTrust & GoogleBooks

“The mission of HathiTrust is to contribute to the common good by collecting, organizing, preserving, communicating, and sharing the record of human knowledge.”

- Digitised works collected from research libraries, the GoogleBooks scanning project and local libraries.
- Developed by 13 major US Universities including “The Big Ten”.
- Partnership has over 50 research libraries from the US and Europe.
- As of January 2012 comprises of over 10 million volumes.
- Author’s Guild vs. HathiTrust lawsuit citing mass copyright violation.
Interlibrary Systems

CARLI catalogue I-Share
- Consortium of Academic and Research Libraries Illinois
- 76 institutions
- Over 9 million bibliographic records
- Over 32 million item records
- 3 day delivery

CALIS – union catalogue
- China Academic Library and Information System
- 74 institutions:
  - 60 academic
  - 4 public
  - 10 information organisations
Visit to the Centre for Research Libraries

- Approx five million newspapers, journals, archives and government publications.
- Doctoral dissertations from Einstein, Hammarskjold and other Nobel laureates.
- 10,000 newspaper titles from most countries of the world.
- Foreign Government documents including 1,750 official gazettes.
2002 calculations showed capacity would be reached by 2007.
Dematic’s Automated Library System (ALS).
Increase storage by 50%.
Access time of less than 5 minutes.
Temperature and humidity control.
Providing growth for the next 11 years.
1/3 of the cost of conventional shelving.
1/7 of the space taken by conventional shelving.
Loyola University Information Commons

Klarchek Information Commons is a joint project of the University Libraries and Information Technology Services of Loyola University Chicago.

Loyola Mission: "Preparing People to Lead Extraordinary Lives," by providing a technology-rich learning environment that supports both collaborative and individual research.

Provide a library environment that is flexible, open, empowering, comfortable, inviting and conducive to study and research.

Facilitate collaboration through group study rooms, group workstations, software packages and open spaces to accommodate a variety of group needs.

Provide access to technology and library professionals to facilitate access to encourage the creation of new scholarship.
Personal Benefits

- Given benefits – articles published in the FIL newsletter
- Speaking today
- Technological awareness – International advances as well as learning about completely new processes
- Complemented my studies and has provided a well informed starting point for my MSc dissertation
- Travelling internationally and meeting people from across the globe
- “Networking” – Actually just a word for having a nice chat with likeminded people!
